PROGRESS REPORT #6

Name : Vaibhav Uniyal (PRN : 22070126126)

Progress Report No #8

From: 1-4-2026 to 15-4-2026

Dated: 15/04/2026

Working at : Worked on the prompt engineering of helping the model understand the summary better and classifying the intent better made the changes in the ground truth of the langfuse testing model.

Made flow for two new intents rejection and deduction reconsideration request that impacted the autocloser percentage.

Made api for handling just the SR numbers from the prod Salesforce and then passing it to the case creation api for the information built and then using that new case id for working with the flow continuing.

Project : CRM Automation

1. Hours worked during the period of report: Total
hours worked under the project **100 hours**.

2. Duties during the period of report:

During this period, my primary duty was Making the intent prompt engineering, two different pipelines and then api ceration for the salesforce.

3. New tasks planned during the period of report:

Making the perfect ideal mode for api testing, reconsideration request and the prompt engineering done.

4. Network contacts established during the period of report:

Network connections established with CTO and business head understood the business more to fill in the more impactful changes to the code and the pipelines.

Made the changes in the salesforce case creation api that made impact on the testing variable outputs and increased its throughputs.
